written by NEC Press | October 3, 2024

The National Election Commission is preparing for national elections, scheduled for 22 December 2026. To implement elections, the NEC will rely on a field structure consisting of a High Committee at a state-level (SHEC) in each of the ten states. Each SHEC consists of a chairperson, deputy chairperson, and three committee members appointed by the NEC.

In April and May 2024, the members of the NEC visited the States to meet with stakeholders and consult about for SHEC appointments. On 17 June 2024, the Chair of NEC, Prof. Abednego Akok Kachuol, announced the establishment of the High Committees at the State-level. The fifty (50) committee members took their oath of office in Juba on 11 July 2024 and will begin the task of refurbishing their offices.

To prepare the SHECs for their task, NEC with the support of the UN-Integrated Electoral Assistance Team (UN-IEAT), will deliver an Induction Workshop from 08-11 October 2024 in Juba.

Between 22 April and 28 June 2024, UN IEAT conducted 26 BRIDGE (Building Resources in Democracy, Governance and Elections) training workshops in Juba, all ten states and Pibor Administrative Area. The workshops were delivered by 13 accredited international facilitators to members of the National Election Commission, civil society, media, and UN IEAT staff. Following the swearing in of High Committee at a state-level (SHEC) the NEC will partner with UN-IEAT to conduct an **Introduction to Election Administration** module from the BRIDGE curriculum. NEC delegation concludes a one week benchmarking tour in Kenya

written by NEC Press | October 3, 2024

A delegation from the National Election Commission (NEC) have concluded a one-week benchmarking tour and peer exchange forum with Independent Elections and Boundaries Commission (IEBC) of Kenya as part of their preparations for elections scheduled for 22nd December 2024.

The forum was opened by Arthur Osiya, the Principal Administrative Secretary Kenya's Office of the President. Mr. Osiya underlined that an election is a matter of life and death and therefore EMBs should know that in delivering their mandate, they carry peoples' ambitions, careers and lives. It is important for NEC to undertake its mandate and make South Sudan better after elections.

"Election officials from South Sudan should stick together by unity of purpose and have commitment to their country and not candidates. The weight you carry on your shoulders is enormous. Be firm and fair to ensure continuity of South Sudan," said Osiya

The IEBC's Secretary/CEO Marjan H. Marjan, said that Kenya continued to receive delegations from across the world, which is an endorsement of Kenya's free, fair and transparent election processes.

"This peer exchange is meant to promote learning between Kenya and South Sudan EMBs. By the end of the exercise, Kenya and South Sudan EMBs will carry plates full of lessons back to our offices for adoption and implementation," said Marjan.

Mr. Marjan observed that every successful venture must start with a well thought out plan. Elections planning in young democracies, especially in Africa, is a logistical nightmare. He advised that NEC must plan. Invest in the planning process every step of the upcoming election.

NEC's Chief Electoral Officer, Honorable Mac Maika Deng,

expressed his gratitude to the IEBC, Kenya School of Government (KSG) and Government of Kenya for hosting the delegation.

“We do not take for granted the hospitality and agreement by IEBC to meet and train our team on conducting elections successfully. Our NEC team was reconstituted in November 2023 and took oath of office in January 2024. Training is our top priority,” said the Honorable CEO.

BRIDGE Training Program Successfully Implemented In South Sudan

written by NEC Press | October 3, 2024

Between 22 April and 28 June 2024, the United Nations Integrated Electoral Assistance Team (IEAT) implemented a comprehensive training program in South Sudan utilizing an international election training curriculum, Building Resources in Democracy, Governance and Election (BRIDGE). BRIDGE is an international election training curriculum developed by five global partners: the Australian Electoral Commission (AEC); UNDP; UN DPPA; International IDEA; and IFES. In total, 26 BRIDGE training events were held: **Introduction to Electoral Administration (3 days); Building Institutional Excellence in Elections (5 days); Operational Planning; Train the Facilitators (10 days) ; Civic and Voter Education (4 days); and Access to Electoral Processes (3 days).**

This training program was the largest BRIDGE training program in its 25-year history as the pre-eminent global curriculum for training election stakeholders. BRIDGE was welcomed and positively evaluated by the participants. The trainings provided an opportunity for electoral stakeholders to meet and discuss various electoral thematic areas within a broader electoral-cycle approach. The program strengthened the capacity and knowledge of the newly re-constituted National Election Commission (NEC) and newly recruited staff. Training included a range of stakeholders, including youth organizations, women organizations, disability persons organizations and faith-based organizations. Events were held across the country in all ten (10) states of South Sudan and the Greater Pibor Administrative Area.

A total of 679 participants (60% male, 40% female) were

trained in different BRIDGE modules. Nearly half of the *participants* (48%) were from civil society organizations, followed by representatives of National Election Commission (18%), State High Election Committees (9%), State-level government authorities (7%), Media (2%), and United Nations (15%).

In addition to providing vital foundational training to 679 participants, the program also created a pool of 19 trained facilitators from the NEC, civil society, and UN IEAT national staff, with skills to develop and implement training programs, and potential to become fully accredited BRIDGE facilitators in the future. Three national facilitators were provided the opportunity to facilitate BRIDGE training and one received workshop level accreditation. The trainings increased awareness among the stakeholders on strategies for inclusion of women, youth, persons with disabilities, internally displaced persons and refugees in electoral process. The program enhanced understanding among stakeholders on delivery of civic and voter education programs and messages. Electoral officials, civil society organizations and other stakeholders expressed the need for continued training.
